

For reference Canterbury had 5199 CFS in 2025 and 6443 in 2024 the decrease is due to the staffing as we lost Vincent and Mike C. I expect those number to rise.

Using 4 positions that averages out to 1299 CFS per position in 2025.

Towns around us average the following:

**Northfield** 1028 CFS per position

**Boscawen** 1337 CFS per position

**Loudon** 861 CFS per position
